

Welcome to your 2015 Sunwise Collection

In 2015 the success of Sunwise® will be reflected by the company's latest products in British eyewear innovation. Sunwise® is excited to introduce multiple new ranges in 2015, offering bright and bold British designs whilst boasting innovative features new to the eyewear market.

2015 will see Sunwise® meeting the needs of customers with the introduction of retro fashion ranges whilst developing new sports eyewear with the latest in lens technology of the highest quality.

Sunwise® is an award winning brand both with consumers and in export. The company won both 'Best Running Sunglasses' and 'Outright Best Sunglasses' in the running sector and has been awarded for 'Demonstrating Excellence In International Trade.'

You can now find Sunwise® available in over 30 countries around the world; it is the global British sports eyewear brand that people love, trust and respect.

Lens Standard

Sunwise® sunglasses offer 100% UVA & UVB protection against invisible ultra violet rays, conforming to the International sunglasses standard ISO12312; personal protective equipment for general purpose. Class 1 – superior optical quality lenses.

The Sunwise® CE mark guarantees this compliance.

Guarantee

Each pair of Sunwise® sunglasses comes with 1 year comprehensive guarantee and a superb after sales service worldwide.

OUR HISTORY

Sunwise® is a company renowned for its quality and service within the sports industry since 1996, the company operates from its head offices in central Oxford, United Kingdom. As well as being home to some of the most beautiful and historic architecture in the world, Oxford is also known for its high-tech community of which its present day achievements are just as impressive.

The Sunwise® brand was formed by Trans-Global Sports in response to market demand for affordable sports performance eyewear. And since such time Sunwise® has established itself as a globally recommended British eyewear brand.

Sunwise® has excelled within many different sectors including golf, outdoor, running, cricket, cycling, athletics, motorsports, opticians and exports markets. Through its success Sunwise® has been able to fuel the launch of new innovative and desirable models, all with the strength and quality people have come to expect from Sunwise®.

IN THE MEDIA

Sunwise® enjoys having and building new relationships with the media. Reviews and product features can be found across a wide range of publications, from 'Runners World' to 'The Times'. Throughout these publications it's the excellent build quality and designs which are highlighted every time. Sunwise® advertise in both consumer and trade publications all year round to ensure the best possible exposure but also to keep the connection between brand and consumer.

The best reviews and recommendations are the ones received from customers from around the world; these are always a true testament to the Sunwise® ethos of quality and customer service.

QUALITY & SERVICE

Sunwise® prides itself on using the very best in quality materials to create its eyewear. The company is forever seeking new ways in which it is able to improve and adapt its products in order to excel in quality and control. This is reflected by our trade and consumer feedback, Sunwise® supply quality.

Sunwise® will continue to provide exceptional customer care and all year round service to trade and retailers.

Mission Statement

To provide the highest quality in performance eyewear with outstandingly British designs for all sporting and leisure activities.

SPONSORSHIP & PARTNERS

Sunwise® strives to give back to the community, supporting and motivating up and coming professionals and teams from all variations of sports and athletics. Sunwise® will continue to support individuals and teams in their journey to reach their goals and achieve dreams.

Sunwise® supports a wide range of athletes ranging from professional windsurfers to triathletes. We look to support new athletic talent whilst keeping a good relationship with our long standing partners. 2014 saw Sunwise® sponsor such athletes as the RAF Typhoon Display team, golfer Johanna Björk and Team GB Long Jumper James Ledger. As we look to 2015 Sunwise® will continue to expand its sponsorship portfolio whilst encouraging, supporting and working with our truly hard working ambassadors.

CHROMAFUSION® 2.0 & POLAFUSION®

“An excellent product that meets the needs of sporting people as well as the trendy. Reliability at the right price.”

D. Lowndes

Chromafusion® 2.0 & Polafusion®

The newly improved Chromafusion® 2.0, developed by Sunwise® in response to market demand for a more efficient photochromic lens system, offering effective eyewear protection against low to high sun glare with Sunwise® perfect optical clarity. Light reacting for use early in the morning until dusk without the need to change lenses.

Chromafusion® 2.0 features panoramic lenses which include fantastic colour balance in all viewing conditions with light control for use all year round. The innovative 2.0 anti-fog advanced technology eliminates the need to cut holes into the lenses. Whilst the water-repellent feature performs in all weather conditions, the sheer platinum colour coatings complete the new season's looks.

Polafusion® range offers a unique polarised lens system, impact resistant whilst filtering out potentially damaging light, providing vivid colour contrast and anti-glare for all year round wearing. Award-winning British designs with build quality.

Removing Lenses

- Hold frame vertically.
- Flip up lens.
- Hold frame at nose bridge and gently push down on the lens clip.
- This moves the flexible metal part of the lens clip & easily releases clip from the frame.

Inserting Lenses

- Hold frame and lens vertically.
- With the lens at flip up angle line up the lens clip and gently push up the flexible metal part of the lens clip & in against the central bridge clip bar.
- This allows the lens clip to clip onto the bridge clip bar with ease.
- Flip down lens ready to use.

Trafalgar Side Shield - Sport Mode

Transforming from Optical to Sports Mode:

Step 1

Hold the glasses vertically, fold one arm down so that it is parallel with the lenses. Gently but firmly push the arm upwards, this will click and detach this arm from the frame. You can now remove the smaller side shield from the frame.

Step 2

Select the larger side shield and check you have the correct side. Ensuring the frame is closed tightly and the lens is fully in place then slide the larger side shield on.

Step 3

Hold the frame and side shield in place then gently but firmly click the arm downwards in the slot. Once the arm has clicked the transformation is completed. This can be repeated for each arm and in reverse from sports to optical mode.

ACCESSORIES

“Sunwise are optically great sunglasses. A good fit, light and easy to use for all sports.”

Colin J.

Accessories

Sunwise® provide a fantastic selection of cases & pouches to protect your eyewear. Along with great storage solutions for any extra lenses.
